NEW WAS EXCLUSIVE: CARGO EDITION!!

Cargo Edition is the **new label of** Moon Harbour artists **Daniel Stefanik and Matthias Tanzmann**. You might wonder: Why still another new label? The explanation is pretty simple: Daniel loves Techno. And he is producing a lot of it. Instead of stretching the musical profile of Moon Harbour into all directions, Cargo Edition was founded for experimental, Techno-oriented sounds. This is where Daniel can do whatever he wants to do – and together with him his mates in mind. One of them being **Mathias Kaden** – having gained a status as shooting star of Minimal with his releases on Freude am Tanzen and Vakant, he gilds "Windowssmasher" through squeezing Daniel's original into one of his typical pieces of minimal madness, rich of details and extremely forward. In comparison, the flipside is much more drawn back, showing Daniel's love for the morning hours in Berlins crazed Panoramabar Club. Beware: This is a taste of what is still to come – but nevertheless, it is only a glimpse of the future...
