### ..... ENGLISH VERSION .....

Michael Melchner is barely at the beginning of his twenties. Aged 18 he won a gig at "Kiss Klub", the monthly party for electronic music in the Nuremberg in-location "Die Rakete" in a DJ contest. Ever since he is resident DJ there and he quickly became appetite producing tracks by himself. At the moment deep house of the late nineties has to take a shine to him. In the detail it gets clear, that this is not only a copy of an epoch, but a certain vibe, which is going to be transferred into the present. This vibe with his warm sound, the well dosed house beats and a strong musical sense is hearable, but this sounds by no means antiquated.

On A-side several instruments like percussions, xylophone and samples of an Mexican trumpet make sure that there isn't only an exiting variety shortly before or after the primetime, but also a proper portion of itchy feet. With the both tracks on the flip-side the whole spectrum of Michael Melchner becomes clear: at the one hand a clear view on the dance floor with classical house beats and on the other hand a musical character, which one misses in many current productions. »chen chen«(B1) is slightly more complicated and more rhythmic whilst »nothing happened« (B2) is a pleasing leaned back dramaturgical subtle house piece with a distinctive bass line and interspersed voice samples.

As a gimmick to this EP with »screaming polish« there is a scarcely less succeeded Melchner-bonus-track, which is only available digital in relevant download shops.

### ..... DEUTSCHE VERSION .....

Gerade einmal Anfang Zwanzig ist Michael Melchner. Mit 18 Jahren gewann er bei einem DJ-Contest einen Auftritt im Kiss Klub, der monatlichen Party für elektronische Clubmusik in Nürnbergs In-Location **Die Rakete**. Seitdem ist er dort Resident-DJ und bekam schnell Lust, auch selbst Tracks zu produzieren. Momentan hat es ihm der Deep-House der späten Neunziger angetan. Im Detail wird allerdings klar, dass hier nicht bloß eine Epoche kopiert, sondern ein bestimmter Vibe ins Jetzt übertragen wird. Dieser Vibe mit seinen warmen Sounds, wohl-dosierten House-Beats und einer starken Musikalität ist bei Melchners Tracks hörbar, allerdings klingt er keineswegs antiquiert.

Auf der A-Seite sorgen verschiedene Instrumente wie Percussions, Xylophon und das Sample einer mexikanischen Trompete nicht nur für eine spannende Abwechslung kurz vor oder nach der Primetime, sondern auch für eine gehörige Portion Fernweh.

Mit den beiden Tracks der B-Seite wird das gesamte Spektrum von Michael Melchner deutlich: einerseits der klare Blick auf die Tanzflächen mit klassischen House-Beats, zum anderen ein musikalischer Charakter, den man in vielen aktuellen Produktionen vermisst. »chen chen« (B1) kommt dabei etwas vertrackter und rhythmischer daher, während »nothing happened« (B2) ein angenehm zurückgelehntes, dramaturgisch subtiles House-Stück mit markanter Bassline und eingestreuten Stimm-Samples ist.

Als Gimmick zu dieser EP gibt es mit »screaming polish« einen nicht minder gelungenen Melchner-Bonus-Track, der ausschließlich digital in den relevanten Download-Shops zu finden ist.
