After a recent guest performance on Seuil's Eklo label, Michael Melchner - the young producer and DJ from Nuremberg - is back with another stunning EP for Cargo Edition. Melchner is the resident-dj of the 'Kiss Klub' party series at Nuremberg's famous club 'Die Rakete', and music aficionados will have had their eye on this up-and-coming artist for a while now.

This time around Michael Melchner dishes up three top-notch house tracks for us. "You Understand" is techhouse at its best, where he deftly holds and rides that balance between deepness and the dancefloor. A continuously forward-pushing bassline is combined with a mysterious vocal sample and restrained breaks.

„Woob“ grabs you with its devastatingly simple rhythm, while the bassline cuts through with a high dose of funk. Topping the track off we have a vocal loop that shows off Michael's affection to the musical beginnings of house.

This ties in nicely with the EP closer »Just A Skip« which reminisces over the sound of Chicago. Profound melodies, skillfully arranged vocal samples and a whole heap of soul suggest that Michael Melchner may just have produced a modern house classic.

So again, just like on his first EP for Cargo Edition in May last year, Michael Melchner has managed to paint a musical portrait combining the present and the past into one classic moment.

Michael Melchner debütierte im Mai 2008 auf Cargo Edition. Nach einem Gastspiel auf Eklo, dem Label von Seuil, meldet sich der junge Nürnberger zurück. Und es lohnt sich, seinen viel versprechenden Werdegang weiter zu verfolgen.

Gleich drei neue überzeugende Tracks präsentiert der Resident-DJ der 'Kiss Klub'-Reihe in Nürnbergs renommiertem Club 'Die Rakete'. Und die haben es in sich. »You Understand« ist Tech-House in seiner besten Form. Gekonnt hält Michael Melchner die Balance zwischen Deepness und Dancefloor. Die Bassline schiebt unermüdlich nach vorn, dazu ein mysteriöses Vocal-Sample und dezente Breaks.

Eine Spur trockener in seiner Rhythmik wirkt da »Woob«. Doch auch hier ist die Bassline prägnant und voller Funk. Nicht zuletzt durch den Vocal-Loop kommt Michael Melchners Liebe für die musikalischen Anfänge von House zum Ausdruck.

Und selbst in »Just A Skip« sind die Reminiszenzen an Chicago und die damit einhergehende Lässigkeit nicht zu überhören. Mit hintergründigen Melodien, geschickt arrangierte Vocal-Samples mit Soul-Charakter ist Michael Melchner ein eleganter, moderner House-Klassiker gelungen.

Wie schon bei seiner ersten EP vereint Michael Melchner erneut Gegenwart und klassische Momente.
