

Marcus Manowski

Marcus Manowski (aka Daze Maxim) began to create music with computers back in 1988 when he was 11 years old. After some years of making experiences with electronic and non-electronic music, he released his first EP in 1996 on 'JAKPOT' (JP010), when he met Oliver Bondzio. After Oliver received some more interesting demo-tapes he made him first of all to his partner from the 'JAKPOT' label, later from the advanced techno label 'SERIAL KILLERS HAIRCUT' and the house subdivision 'GENTLEMAN`S HAIRCUT'.

Daze alone is responsible for the starting four releases on SKH and the starting four on 'GENTLEMAN`S HAIRCUT'. Also the 'JAKPOT' projects 'PARC 1' (JP010), 'PARC 2' (JP013) and 'MOTIVO' (JP014) are created by Daze.
